

PUNTO FINAL *SAUVIGNON BLANC* 2023

Grapes

Originating from the Casablanca Valley, considered the prime area for cultivating this variety in Chile.

Vineyards

With over 12 years of age, yielding less than 10 tons per hectare.

Harvest

Handpicked in plastic bins.

Selection

Manual sorting of clusters and grapes.

Alcoholic Fermentation

Using indigenous yeasts for 21 days in temperature-controlled stainless steel tanks at 15°C.

ANALYTICAL DATA

Alcohol: 12.5%

pH: 3.4

Total Acidity: 6.2 g/L.

TASTING NOTES:

It is a wine of yellow color with green reflections. On the nose, it exhibits a perfect harmony between herbaceous flavors such as green olive, asparagus, grass, and tropical flavors like grapefruit, lime, and pineapple. With pronounced acidity and a lingering finish.
